

# View a list of Episodes for a Person in MediWork

Learn how to find a list of episodes which are running (or have previously run) for a person in MediWork, and how to open one of those episodes

1 In MediWork, find the right person in the **People View**

2 Click on the person's row to open their record

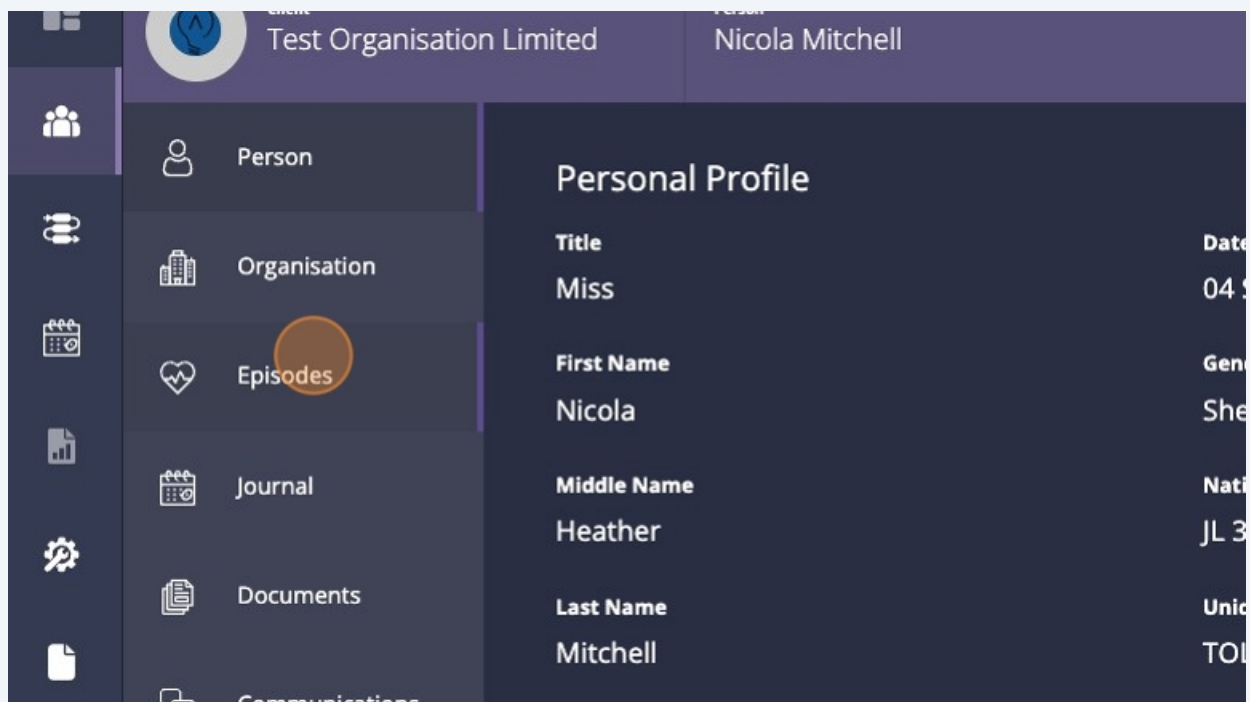

Client

Test Organisation Limited

ID	First Name	Last Name	Cre
TOL-000001	Rebeka	Mayer	01/
TOL-000002	Nicola	Mitchell	04/
TOL-000003	James	Grant	05/
TOL-000004	Ray	Liotta	05/
TOL-000005	Frank	Williams	05/
TOL-000006	Emily	Davies	05/

### 3 Click "Episodes"

### 4 A list of episodes will appear for that person, including all past and currently running episodes of care.

Filter the list of episodes using the filter controls on the column header like with any list view
